

FAIRBANK MUNICIPAL POOL BOARD

The following are the changes and alterations due to Covid-19. These measures may be changed depending on state guidelines and local conditions.

LIFEGUARDS

- Lifeguards will take their temps periodically throughout the day.
- Any staff member exhibiting symptoms of Covid-19 will be sent home and not allowed back until tested, or 14 days have passed.

SANITIZING PRACTICES

The following practices were developed after close examination of the recommendations set forth by the CDC regarding swimming pools.

- Installation of hand sanitizing stations.
- Additional PPE available.
- Deck chairs will be available, however they are positioned in small groups to maintain 6 foot distance. Patrons are asked not to move the deck chairs.
- All personal items must remain in your area on the deck or the lockers provided at the aquatic center.
- At least one employee will be assigned continual sanitation duties. Sanitation includes all common surfaces, bathrooms, lockers, diving board, etc..
- Drinking fountains will be closed.

PATRON AND PERSONNEL

The following practices were developed after close examination of the recommendations set forth by the CDC regarding swimming pools.

- ANYONE EXHIBITING SYMPTOMS OF COVID-19 ARE NOT ALLOWED TO COME TO THE FACILITY. Please practice good personal accountability and all CDC/State guidelines.
- Patrons and staff will be expected to maintain physical distance of at least 6'.
- Occupancy of the pool and deck will be 50% of the engineered specs, or the National Fire and Building Code (whichever is less).
- Spots 6' apart will be defined on the concrete where lines form (admissions and concessions, diving board, slide)
- Patrons will be limited to local users only. Local users are defined as residents of Fairbank, Jesup, Dunkerton, Oran, Readlyn, Oelwein and Denver.
- Safety information and guidelines will be posted. Recorded safety announcements will be broadcasted on the PA system on a regular basis.
- Those not following guidelines will be asked to leave.
- A written procedure will be developed to respond to and report possible patrons and employees infected with Covid-19. This will include reporting, public notification, and sanitation processes.
- **Patron's must sign a hold-harmless waiver. A copy can be found at www.fairbank-ia.org.**

SWIMMING LESSONS

- No public lessons will be offered this season.
- Lessons will be limited to private swimming lessons with one student (or two if from same household) for ½ hour and 6 groups in the pool per ½ hour.
- ½ lesson sessions will be staggered throughout the morning and evening (outside of regular hours).
- One parent or guardian will be allowed with their child.
- Students and guardian must arrive on time (no early arrival or admittance)

HOURS/RATES

- Operational hours will remain the same with the addition of a family hour. From 6:00pm to 7:00pm, Monday through Friday, the pool will be limited to families from the same household. THIS IS A TEMPORARY MEASURE TO COVID-19. In the past, family hour has been more problematic than beneficial to families or the pool. Because of potential infection, some families may feel more comfortable with a “family hour”. If patrons do not have a pass the cost will be \$2/person for that hour.
- Rates will be reduced to: City resident family pass will be \$130 and single will be \$70. Rates for out-of-city customers will be family pass for \$145 and single pass for \$75.

CONCESSIONS

- All “food” will be pre-packaged.

PRIVATE PARTIES

- Parties will be from 7:30-9:30 on week days and 6:30-8:30 on the weekends, and the facility will be sanitized between public swim and the party.
